

DepressionConnection

A Place to Turn. . . for Education, Consultation & Support Groups

GOOD NEWS ABOUT MENTAL HEALTH

FREE at YOUR CHURCH

provided by

**The CTC Committee on Mental Health Concerns
and
Depression Connection**

**We would like to present the GOOD NEWS about mental health
to you, the people of your church & your community
at no cost to you.**

The GOOD NEWS

**Depression education does not have to be depressing.
It can be hopeful, uplifting, and life changing. That is because there is
good news about depression, bipolar and other disorders.**

**The GOOD NEWS derives from an abundance of new information.
The bad news is that most people do not know the good news.
We go on living as if nothing has changed.**

**Schedule an Educational Presentation TODAY
and learn the GOOD NEWS.**

The Application for a Church Grant for this program is attached. Simply complete the application and submit it to Bliss Dodd, CTC Mental Health Coordinator. Then contact Depression Connection to schedule your program.

This is an excellent opportunity to host a program and INVITE YOUR COMMUNITY! Perhaps someone who has never visited your church may be interested in the program.
